

IN-HOME NURSING CARE RIGHT WHERE YOU ARE

The FLOW of your health is VITAL to your wellbeing

MANAGING AT HOME

IN-HOME SENIOR CARE

Wellness checks, vital sign monitoring, EKG with Eko[®], medication monitoring and administration, skin assessments, home safety review, communication with doctors and family members, obtaining blood work and delivering to lab, doctor appointment visits, wound care

RECOVERING AT HOME

POST-SURGICAL RECOVERY CARE

Post-op instructions, obtaining prescriptions from pharmacy, post-surgical recovery education regarding pain management, nutrition and hydration, and complication prevention, basic wound care, monitoring of vital signs, communication with doctors

Do you accept Medicare, Medicaid, or other health care insurance?

We are private pay and currently do not accept any form of insurance.

Why private pay?

Private pay nursing allows for more personalized one-on-one care with less restrictions focusing on the individual patient.

What are the hours?

Tailored to your specific needs.

Contact us TODAY to schedule a **free** 15-minute consultation via phone or zoom

VITAFLOW NURSING, PLLC
Patient-Centered Care

With over 25 years of nursing experience caring for patients with multiple conditions, VitaFlow Nursing is a concierge style nurse business focusing on providing nursing care inside the patient's home to increase better patient outcomes through nursing care tailored specifically to the patient's healthcare needs.

VitaFlow Nursing empowers patients and caregivers through dedicated and individualized nursing care that supports their health journey and improves their quality of life.

Our mission is to bridge the gap between traditional healthcare and the evolving needs of patients, providing flexible and high-quality nursing services that cater to the unique circumstances of each client without the hassle of insurance regulations.
